

## EAHL PhD and young scientists Seminar

September 25th Faculté de Médecine 37 Allées Jules Guesde

Organized by Team 4 of the UMR/INSERM 1027 Unit

**Coordinators : E. Rial-Sebbag, A. Panagiotou, H. Roscam Abbing, AM Duguet**

The EAHL organizes a PhD Seminar for students or young scientists (under 35). Presentations in English or in French may be posters or oral presentations: 15 mn talk with power-point. 8 -10 candidates will be selected for oral presentations, 15 for posters. The selected abstracts will be included in the book of abstracts printed by Brill.

- Topics will be *Innovation and health care* : Innovation in medicine, innovative health products and research, Innovative health care and patient rights, Access to healthcare and innovations - E-health and data protection , Intellectual property ,Innovative health care for elderly, Involvement of patients in innovative healthcare , links with ethics and law in innovative health care.
- *Contemporary approaches to health law* Contemporary approaches to public health law issues (vaccination programmes, etc.) Contemporary approaches to informed consent especially in the light of recent cases, ECtHR case-law and Health Law, Regulation of clinical research, embryo and stem cell research, Legal issues of Biobanks , Assisted reproduction regulation, , Regulation of end-of-life decisions - contemporary legal debate across Europe, Legal issues of direct-to-consumer genetic testing

On September 25<sup>th</sup> candidates will make their oral presentation in front of the jury. The posters will be displayed in the Salle des Colonnes during the conference. The jury will visit the posters and the authors should answer to the questions. The best oral presentation and the best poster will be selected for awards. The jury will give the results for the awards during the closing ceremony on the 27<sup>th</sup>. The text of the best presentations, selected by the Jury, will be published.

The PhD seminar is linked with the EAHL conference. Web site : <https://eahl2019.sciencesconf.org>  
Candidates should register to attend all the events of the conference (75 euros). The registration fee can be paid after the acceptance of the abstract. Free invitations will be offered to PhD or young scientists of the partners of the conference (contact AM Duguet : [aduguet@club-internet.fr](mailto:aduguet@club-internet.fr) )

**Guidelines** Registrations are limited to the first 25 selected persons  
Please send a 500 words abstract in times new roman 12 with 5 references as soon as possible before March 1<sup>st</sup> to the both [aduguet@club-internet.fr](mailto:aduguet@club-internet.fr) and [Panagiotou.law@gmail.com](mailto:Panagiotou.law@gmail.com)

A first step will be to select the most relevant abstracts. Then the selected candidates will have to provide a 2-pages text with references for the final selection.
